

STRANDS
Engineering Sdn Bhd
Safety Quality Assurance

**ENGINEERING TRUST TO UPHOLD HEALTHCARE
SAFETY AND QUALITY ASSURANCE**

Company Overview

Established in 2014, Strands Engineering Sdn. Bhd. is a 100% Bumiputera-owned company specializing in Hospital Support Services (HSS) and Biomedical Support Services (BMS).

We are dedicated to delivering integrated engineering, maintenance, and facility management solutions that uphold the highest standards of safety, reliability, and operational efficiency.

With a strong focus on supporting Malaysia's healthcare infrastructure, Strands Engineering actively engages with the Ministry of Health (MOH) and government-linked hospitals to ensure sustainable, high-quality service delivery.

A Message from Our CEO: Building a Healthier Future, Together

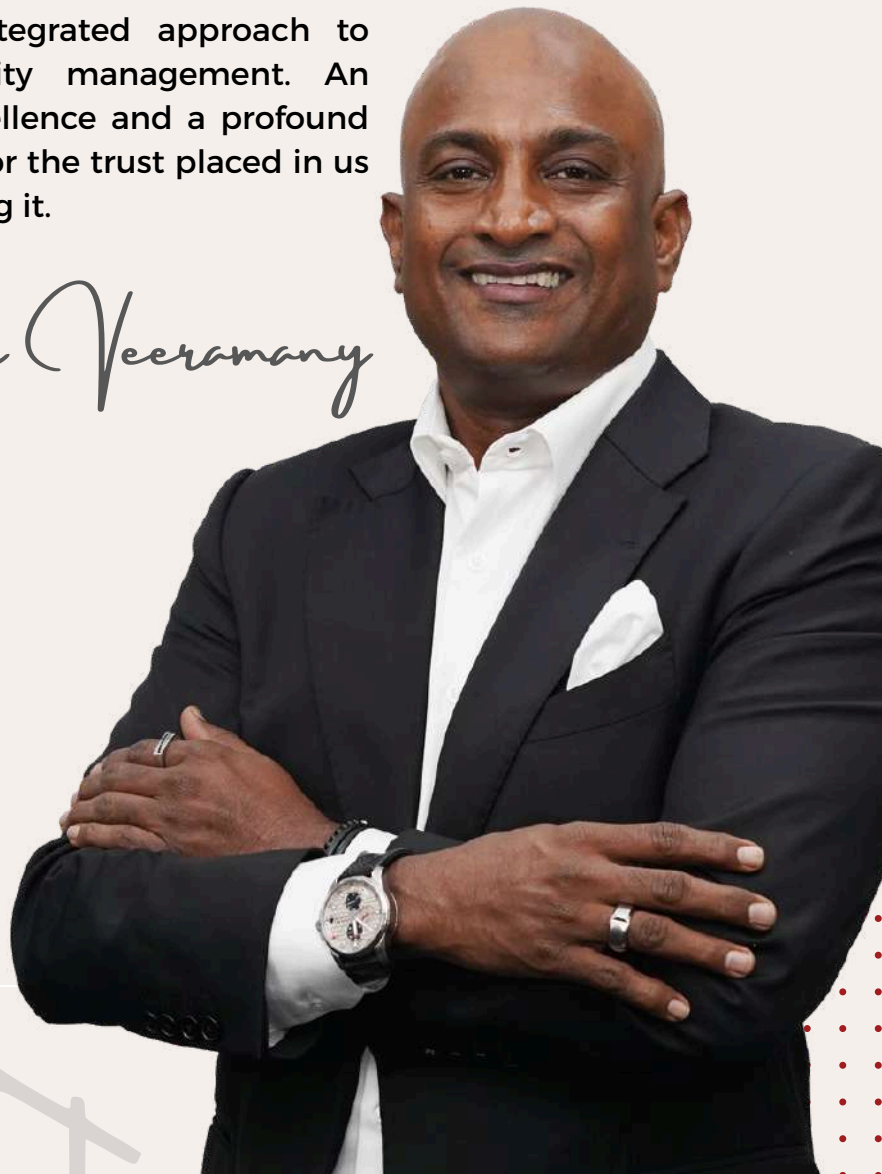

When Strands Engineering was founded in 2014, we envisioned a company that would do more than just provide services. We aimed to become a trusted partner in advancing Malaysia's healthcare. Today, that vision is the driving force behind everything we do.

Specializing in Hospital Support Services (HSS) and Biomedical Support Services (BMS), our 100% Bumiputera-owned team is dedicated to a single, critical objective: ensuring the operational integrity of the facilities where healing happens. We understand that behind every piece of equipment we maintain and every system we manage are patients and dedicated medical staff relying on a safe, efficient, and uninterrupted environment.

Our collaborative engagements with the Ministry of Health (MOH) and government-linked hospitals are a testament to our shared commitment to national well-being. We are focused on delivering sustainable, high-quality solutions that not only meet today's needs but also anticipate the future demands of our nation's healthcare infrastructure.

The pages that follow detail our integrated approach to engineering, maintenance, and facility management. An approach built on a foundation of excellence and a profound sense of responsibility. We are grateful for the trust placed in us and are relentlessly focused on upholding it.

Datuk Veeramany

WHAT WE STAND FOR

VISION

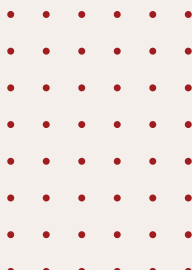

To be Malaysia's leading Bumiputera Service engineering company recognized for excellence in hospital support services, building management systems, and healthcare facility innovation.

MISSION

- Deliver world-class engineering and support services that enhance hospital efficiency, safety, and sustainability.
- Partner with the Ministry of Health and healthcare providers to implement smart, reliable, and cost-effective infrastructure solutions.
- Cultivate a culture of continuous improvement, professionalism, and integrity in all aspects of our operations.

CORPORATE PHILOSOPHY

Our philosophy is to combine engineering precision with a deep understanding of healthcare needs, ensuring reliable, safe, and efficient services for our patients, professionals, and communities. By integrating technology and human expertise, we create sustainable solutions that support the future of healthcare infrastructure.

EXECUTIVE LEADERSHIP

DATO' MOHAMED SUFFIAN BIN AWANG
Chairman

Dato' Mohamed Suffian Awang, Chairman of Strands Engineering S/B, is a seasoned leader with over 20 years of experience. His boardroom expertise includes roles as a Board Member of Felda Global Ventures and Independent Non-Executive Chairman of Pecca Group Bhd. He also chairs the Ministry of Health's Medical Device Authority, ensuring the safety of medical devices nationwide. His leadership extends to sports as the CEO of Pahang Football Club, where he guides the team in the Malaysian Super League.

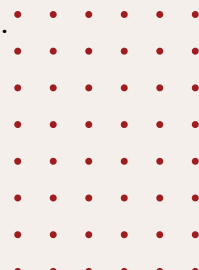

DATUK VEERAMANY K. SELVAM
Chief Executive Officer

With over two decades of experience, Datuk Veeramany K. Selvam is a distinguished leader in the Malaysian healthcare sector. He leverages his deep industry knowledge and strategic planning expertise to lead international healthcare consultancy initiatives, successfully introducing advanced technologies to markets such as Mongolia, the Philippines, Sri Lanka, and Brunei.

Suraidah Ahmad drives the company's strategic growth and operational excellence by leading both Business Development and day-to-day operations. She holds a Business Management degree and complements her leadership with specialized technical training in radiation safety and biomedical device analysis. Her forward-looking approach and industry engagement make her a key driver behind the company's continued business growth.

Collaboration

We build lasting partnerships with clients, communities, and industry partners

Excellence

We deliver quality and precision in every service we provide.

Innovation

We continuously adapt and apply advanced technologies for better healthcare outcomes.

Integrity

We uphold honesty, accountability, and transparency in all our engagements.

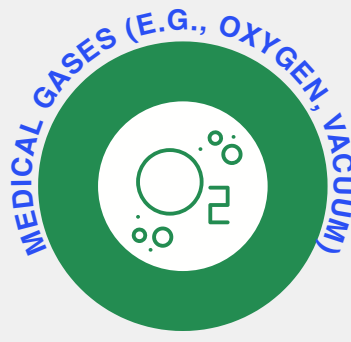

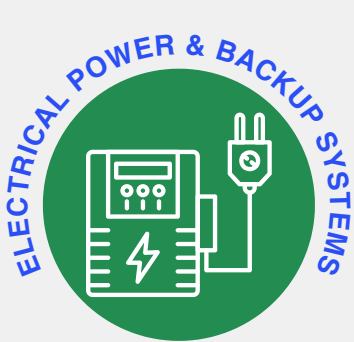

Sustainability

We promote environmentally responsible practices for long-term impact

OUR CORE SERVICES

HOSPITAL INFRASTRUCTURE & FACILITY MANAGEMENT

Our core mission is to manage the essential engineering systems that form the backbone of a fully functional hospital and to guarantee a safe and resilient environment for patients and staff. Our operational focus is steadfastly dedicated to ensuring uninterrupted clinical operations through a rigorous regime of preventive maintenance, which maximizes system reliability and upholds strict compliance with all regulatory requirements, including those set by the Ministry of Health (MOH).

BIOMEDICAL ENGINEERING & SUPPORT SERVICES (BMS)

Our mission is to provide comprehensive support for all medical technology, ensuring the tools for patient care are always safe, accurate, and reliable. Through this dedicated support, we directly minimize clinical downtime and disruptions, ensure diagnostic confidence and patient safety, and ultimately protect and optimize your capital investment in critical healthcare technology.

OUR CORE SERVICES

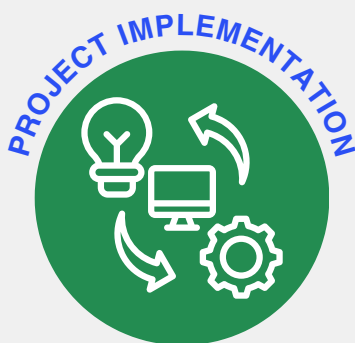

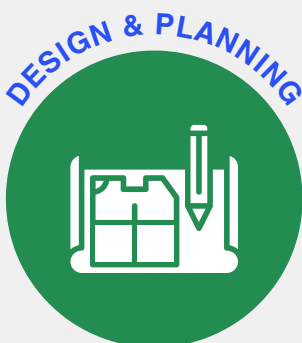

ENVIRONMENTAL & SUPPORT SERVICES

We are dedicated to upholding the highest standards of hygiene and infection control through specialized environmental management. Our mission is implemented through evidence-based cleaning protocols and rigorous linen sterilization processes, working in unison to create a safe healing environment that actively protects patient well-being and supports optimal recovery.

PROJECT DESIGN, IMPLEMENTATION & MANAGEMENT

We act as your strategic partner for healthcare infrastructure development, guiding your initiatives from initial concept through to final completion. Our commitment is to deliver every project on time, within budget, and to the highest quality standards, ensuring the resulting physical infrastructure is perfectly aligned with your long-term clinical objectives.

OUR SUCCESS

▲ SATISFACTION RATE

95%

Customers report a strong satisfaction with our service.

▲ DELIVERY TIMELINESS

89%

Projects completed on time and within budget.

▲ EQUIPMENT RELIABILITY

97%

High reliability rates ensure patient safety and efficiency.

▲ COST EFFICIENCY

Operational costs reduced by **15%** through effective management.
