ABOUT AGV GROUP

The AGV Group comprises AGV Environment Sdn Bhd, AGV Sustainability & ESG Services Sdn Bhd and AGV Environment Asia Pte Ltd. Established by senior consultants with a collective experience of more than 200 years in projects across the Asia Pacific, the Group has prepared more than 750 environmental reports and over 600 sustainability and integrated reports for BURSA-listed companies. We are registered with the Department of Environment, Department of Occupational Health & Safety and other professional bodies.

We have forged strategic partnerships with leading multinational engineering and environmental consultancies. These collaborations enable us to tackle the most challenging environmental projects and provide sustainability benchmarking against international peers, continuously enhancing our clients' sustainability reports.

AGV Environment excels in helping to secure necessary environmental permits and approvals for new industrial projects or expansions. We closely partner with clients to integrate environmental objectives into their long-term strategies, ensuring sustainable growth and compliance.

Our presence spans **Malaysia, Singapore and Indonesia**. In Malaysia, we have offices in **Petaling Jaya, Penang, Johor Bahru, Kuching and Kota Kinabalu**.

Our Mission

Our business philosophy is guided by:

- Creating a sustainable environment and community through innovative solutions
- Providing uncompromised consulting services and guidance that deliver long-term benefits to our clients
- Building strategic partnerships for lasting success

AGV GROUP

AGV ENVIRONMENT

ENVIRONMENTAL SOLUTIONS SPECIALIST

AGV ENVIRONMENT SDN BHD (1155709T)

Established in 2015, registered with the Ministry of Finance Malaysia and the Department of Environment Malaysia. Services: EIA, ESA, EMP, Environmental Risk Assessment, Environmental Feasibility Study, Waste Management Consultancy, and Water Resource Management Consultancy.

AGV ENVIRONMENT ASIA PTE LTD (201726942G)

Established in 2017 in Singapore, AGV Asia is registered with the National Environment Agency of Singapore. AGV Asia provides environmental consulting services in Singapore, Indonesia, Philippines, and Thailand.

AGV HSE CONSULTING SDN BHD (1356430H)

AGV HSE Consulting specialises in HSE consulting services for the manufacturing sector along with EIA, SIA, engineering studies and other related studies in the East Coast states of Peninsula Malaysia. AGV HSE Consulting is a Bumiputra majority joint-venture consulting firm with a leading engineering company.

AGV SUSTAINABILITY

SUSTAINABILITY SOLUTIONS SPECIALIST

AGV SUSTAINABILITY & ESG SERVICES SDN BHD (1177585U)

Established in 2016, registered with Ministry of Finance Malaysia, Petronas Licensee for provision of ESG services to oil and gas sector. Services: ESG consulting, Social Impact Assessment, Climate Change Consulting and Carbon Footprint Assessment.

AGV SABAH

ENVIRONMENTAL & ESG CONSULTING SPECIALIST

AGV ENVIRONMENT & ESG CONSULTANCY (SABAH) SDN BHD (1602326M)

AGV Sabah was established in 2024 to support Sabah's Blue Economy and sustainability aspiration. AGV Sabah offers environmental consulting – EIA, SIA, ESIA and ESA as well as sustainability and climate change consulting.

AGV SARAWAK

ENVIRONMENTAL & ESG CONSULTING SPECIALIST

KBE - AGV ESG CONSULTANCY (SARAWAK) SDN BHD (1610190W)

KBE- AGV Sarawak is a JV established between Konsortium Bumi Engineers and AGV Group in 2025 to support Sarawak's aspirations to be a green energy based industrial hub in Asia. KBE-AGV Sarawak offers environmental consulting – EIA, SIA, ESIA and ESA as well as sustainability and climate change consulting.

STRATEGIC ALLIANCE

We have forged strategic partnerships with leading global experts in engineering and waste management. Through these collaborations, we have the capability to conduct studies on:

- Waste-to-Energy Projects
- Waste Recycling
- Radioactive Waste Management
- Biohazard Waste Management

These partnerships enhance our ability to deliver innovative and sustainable solutions for complex waste management challenges

TRC is a leading, global consulting that provides ESG and Sustainability Advisory Services including Strategy Development, Greenhouse Gas Mitigation and Climate Strategies, ESG Risk Screening and Due Diligence

Multinational sustainability & climate change consultancy

Specialists in Contamination & Remediation of Chemical, Biological and Radioactive Pollution

MEMBERSHIP & AFFILIATIONS

Ministry of Finance Malaysia - Registered Environmental Consultancy

Ministry of Finance Malaysia - Registered Social Impact Assessment, Economic Impact Assessment, Energy Management & Green Technology Consultancy

OUR CONSULTING SERVICES

ENVIRONMENTAL PERMITTING & COMPLIANCE SERVICES

AGV's Permitting & Compliance team comprises experienced and registered EIA consultants, socio-economists, health risk assessment specialists, water management specialists, ecologists, marine biologists, hydrogeologists, geologist, traffic impact assessment specialists, road safety consultants and other subject specialists registered with relevant authorities. We are supported by accredited environmental laboratories, ensuring comprehensive and compliant solutions.

- Environmental Impact Assessment, EIA
- Environmental and Social Impact Assessment, ESIA
- Social Impact Assessment, SIA
- IFC-Performance Standard Compliant, ESIA
- Environmental Management Plans, EMP
- Environmental Impact Screening, EIS
- Statutory Environmental Compliance audits, ECA
- Environmental Quality Report, EQR
- Site Suitability Assessment, EESIM
- Water Resource Management Waste Management & Permitting
- Environmental Monitoring (air quality, water, noise, vibration)
- Environmental & Human Health Risk Assessment
- Carbon Footprint Audit
- Green Industry Audit

TRANSACTION ADVISORY SERVICES & ENVIRONMENTAL SITE ASSESSMENT

Transaction Advisory Services and Environmental Assessment Services assist clients to conduct Environmental Due Diligence to assess risks and liabilities at various stages of assets-based investments, including acquisition, operations and divestiture.

- Corporate and Statutory Environmental Due Diligence Audits
- Contaminated Site Characterization Phase1, Phase2 Detail ESA and Delineation.
- Soil Gas & Vapor Intrusion Assessment
- Conceptual Site Modelling (CSM) & Human Health Risk Assessment (Tier1&Tier2)
- Leaking Underground Storage Tank (LUST) Removal Validation
- Groundwater Monitoring & Contamination Management Solutions
- Remedial Action Plan, Remediation Alternative Analysis & Method Statement
- Site Remediation and Project Management
- Strategic Advice on Risk and Liability Management Permitting, Statutory Compliance and Regulatory Support
- Contaminant Fate and Transport Modelling

SUSTAINABILITY AND ESG SERVICES

We provide customised services to meet our clients' requirements and as recommended by the Malaysian Stock Exchange (BURSA), Singapore Stock Exchange (SGX) and major ASEAN stock exchanges.

- Preparation of Sustainability Reports to ISSB Standards, IFRS S1 & S2 framework, GRI Standards, GHG Protocol, ESRS and CSRD.
- Preparation of Integrated Reports for PLCs annual reporting requirement
- Assist PLCs in meeting the listing requirements of Dow Jones Sustainability Indexes
- Preparation of Sustainability reports for corporate reporting requirements of MNCs and project specific reporting needs
- Developing programmes to improve sustainability measures within organisations
- Developing Stakeholder Engagement programs
- Developing sustainability programs for the palm oil sector to meet RSPO requirements
- Materiality Assessment
- Sustainability Strategy Development
- Net Zero Strategy Development
- Gap Analysis and Benchmarking
- Decarbonisation Strategy
- Sustainability Roadmap and Action Plan
- Sustainability Framework Development
- Conducting sustainability audits/assessment
- Providing validation of sustainability reports
- Providing assurance & third-party verifications
- Offering sustainability training & certification
- Preparation of Carbon Footprint Assessments
- Preparation of Lifecycle Assessments

HEALTH, SAFETY & ENVIRONMENTAL POLICY

AGV Group believes that protecting our people and the environment is key to achieving excellence in business.

We aspire to be **"Best in Class"** in all aspects of our Health, Safety, and Environmental (HSE) management systems and are committed to:

- Upholding the highest standards of health, safety, and environmental protection
- Implementing sustainable and responsible business practices
- Continuously improving our HSE management systems to exceed industry benchmarks
- Zero work-related injuries to our employees in our routine business activities in the organization and in our business partners' premises.
- Conduct our business activities with the intent of protecting or minimizing stress to the natural surrounding and damage to properties by adhering to pollution prevention, resource conservation and environmentally sustainable practices.
- Maintain a robust and sustainable HSE management system and stewardship with high level of support from the management for continual review and improvement.
- Encourage effective communication and consult openly between management and employees to cultivate open and accurate HSE reporting and learnings.
- Develop our safety culture as one that our employees will willingly embrace for their safety and the safety of whom they interact with.
- Celebrate and encourage our employees who continuously excel in HSE performance & set higher goals as they advance with the organization.
- Work with employees and business partners to continuously improve HSE initiatives by setting targets to meet higher performance goals.
- The commitment to this policy by the leadership, management and employees of AGV Environment Sdn Bhd is the foundation for a safe workplace, operational excellence and long-term business success

QUALITY POLICY

AGV is committed to being the preferred environmental solutions provider in the market. To ensure **quality excellence**, we are dedicated to:

- Establishing and maintaining a management system designed to enhance operational efficiency
- Complying with all legal regulations and industry requirements in our areas of operation
- Promoting and communicating our quality policy to all employees and stakeholders
- Setting quality objectives based on the evaluation of business activities, products, and services
- Ensuring customer satisfaction through high-quality products and exceptional service, driven by continuous improvement and innovation
- Delivering products and services on time, as agreed with our customers
- Enhancing employees' skills and knowledge through ongoing training and professional development
- AGV Environment Sdn Bhd and AGV Sustainability & ESG Services Sdn Bhd are certified under the ISO 9001: 2015 (Quality Management System)

OUR PRESENCE

AGV has presence in all major business centres in Malaysia and Singapore. Through our network of associate environmental consultancies, our network extends to all major business capitals of Southeast Asia, namely Bangkok, Jakarta, Manila and Hanoi.

BOARD OF DIRECTORS, PRINCIPAL CONSULTANTS & SENIOR CONSULTANTS

CHAIRMAN, BOARD OF DIRECTORS

Prof. Dato' Ir Dr. A. Bakar Jaafar, PEng, FIEM, FASc. serves as the Chairman of AGV Environment Sdn Bhd and AGV Sustainability & ESG Services Sdn Bhd.

He also held the position of Chairman of the Board at the Malaysian Green Technology & Climate Change Centre (MGTC), having been appointed on 4 October 2019 until end 2023.

Extensive Experience in Environmental Governance:

Prof. Dato' Ir Dr. A. Bakar Jaafar has served the Government of Malaysia in various capacities since 1973, including:

- Director of Operations, Department of Environment (DOE) (1985-1986)
- Deputy Director-General (Planning), DOE (1987-1989)
- Director-General, DOE Malaysia (1990-1995)

Following his optional retirement, he continued his contributions as an Elected Member of the UNCLOS Commission on the Limits of the Continental Shelf at the United Nations Headquarters, New York, for three consecutive terms:

- 1997-2002
- 2002-2007
- 2007-2012

Academic & Research Contributions:

Prof. Dato' Ir Dr. A. Bakar Jaafar holds:

- B.Eng (Hons) in Mechanical Engineering – University of Newcastle, NSW, Australia (1973)
- M.Sc. in Environmental Science – Miami University, Ohio, USA (1976)
- Ph.D. in (Marine) Geography – University of Hawaii, Manoa (1984)

He currently serves as:

- Director, UTM Ocean Thermal Energy Centre
- Professor, Perdana Centre, UTM Razak Faculty of Technology & Informatics (since 2013)

His extensive expertise and leadership in environmental governance, climate change, and marine geography continue to shape sustainable initiatives in Malaysia and beyond.

MANAGING DIRECTOR

Dato' Alfred Adaikalaraj is the Managing Director of AGV Environment Sdn Bhd and AGV Sustainability & ESG Services Sdn Bhd. With over 20 years of extensive experience in the Malaysian and Southeast Asian business landscape, he has built a strong reputation as a trusted consultant.

Broad Industry Expertise;

Dato' Alfred has worked with a diverse range of clients, including:

- Government agencies
- Public-listed conglomerates
- Multinational corporations
- Foreign trade missions and embassies

Through his extensive engagements, he has established himself as a well-known consultant, bridging businesses and fostering strategic partnerships.

Regional Market Knowledge:

Dato' Alfred possesses in-depth knowledge of the business environment in Malaysia, Singapore, and across Southeast Asia. His involvement with various companies and trade organizations in the region has given him valuable insights into Southeast Asian markets, further strengthening his expertise in business development, environmental consulting, and sustainability strategies.

His leadership and vision continue to drive AGV's commitment to delivering sustainable and impactful solutions in environmental and ESG consulting.

DIRECTOR & PRINCIPAL CONSULTANT

Datin Dr. Vijayalakshmi Samuel, PhD, has over 30 years of experience in Environmental, Health, and Safety (EHS) consulting, specializing in:

- Environmental Impact Assessments (EIA)
- Chemical Health Risk Assessments (CHRA)
- Environmental Site Assessments
- Social Impact Assessments (SIA)
- Environmental Management Plans (EMP)
- Environmental Due Diligence & Compliance Audits
- Site Contamination Assessments
- Environmental Suitability & Feasibility Studies

Extensive Regional & Industrial Experience

Datin Dr. Vijayalakshmi has conducted more than 100 EIA, numerous corporate EHS audits and environmental site assessments for compliance, acquisition, and divestiture across various industrial facilities and greenfield sites. Her work spans across the Asia Pacific region, including: Malaysia, Indonesia, Thailand, Singapore, Vietnam, India, Taiwan, Korea, and South Africa

Professional Certifications & Memberships

- Registered EIA Consultant, Department of Environment (DOE), Malaysia (Reg. No: CS0225)
- Environmental Auditor (EA0036)
- Certified Chemical Health Risk Assessor, Department of Occupational Safety and Health (DOSH), Malaysia
- Qualified Lead Auditor under ISO 14001 Environmental Management System

Education

- PhD in Environmental Science – University of Malaya (2016)
- Master of Business Administration (MBA)– University of Malaya (2002)
- Master of Biotechnology – University of Malaya (1995)
- BSc (Hons.) – 2nd Class Upper– University of Malaya (1993)

DIRECTOR & PRINCIPAL CONSULTANT

Ms. Tan Kim Fong is a highly experienced environmental consultant with over 35 years of expertise in:

- Environmental Impact Assessments (EIA)
- Environmental Management Plans (EMP)
- Environmental Due Diligence & Site Assessments
- Environmental Monitoring & Compliance Audits
- Pollution Control Studies
- Environmental Feasibility Studies

Prior to her consultancy career, she spent 7 years in laboratory analysis, environmental research, and waste recovery & management.

Extensive EIA Expertise

Ms. Tan has successfully completed over 130 EIA studies, including Detailed EIAs, giving her in-depth knowledge of:

- EIA scoping & key issue identification
- Impact assessment evaluations
- Sustainable mitigation recommendations

Her work spans government projects, private sector clients, public-listed companies, and multinational corporations.

Professional Certifications & Memberships

- Registered EIA Consultant, Department of Environment (DOE), Malaysia (Reg. No: C0273).

Education

- Bachelor of Science – Campbell University, USA (1984)
- Diploma in Education – University of Malaya (1985)
- Diploma in Marketing – Institute of Marketing, UK

Ms. Tan is fluent in English and Bahasa Malaysia and continues to drive sustainable environmental solutions for clients across various industries.

DIRECTOR

Dr. Kamaruzaman Ujang is one of Malaysia's leading economic and socioeconomic consultants, with over 40 years of experience in both the public and private sectors.

He has an in-depth understanding of economic and socioeconomic structures, both locally and globally. He holds a degree in Economics (specializing in Statistics), with postgraduate qualifications in Public Administration and Business Administration.

For over 20 years, Dr. Kamaruzaman has been a full-time consultant, advising on policy planning, economic strategies, and infrastructure development.

Expertise & Consultancy Work

Dr. Kamaruzaman is a registered subject specialist with the Department of Environment (DOE) and serves as both a member and auditor of the Malaysian Social Impact Assessment Association (MSIA)

His consulting expertise spans over 60 studies across various sectors, including:

- Regional, Structure & Local Planning
- Market & Product Development
- Feasibility Studies
- Transportation, Roads & Highways
- River & Offshore Management Planning

Education

- PhD in Economics – Washington University (1997)
- Bachelor's Degree in Public Administration – University of Malaya (1990)
- Bachelor's Degree in Economics (Statistics) – University of Malaya (1979)

Professional Certifications & Memberships

- Registered Subject Specialist – Malaysian Social Impact Assessment Association (MSIA) (Reg. No: SS0391)
- Life Member, Malaysia Economic Association (Since 1994)
- Member, Malaysia Charter International Association of Traffic & Safety Science

DIRECTOR

Datin ChM Dr. Zuriati Zakaria is a highly respected chemist and environmental consultant with extensive expertise in water quality, environmental management, and environmental impact assessments (EIA).

Dr. Zuriati has a distinguished academic career, serving at University Kebangsaan Malaysia (UKM) from 1978 to 2012, where she earned her Professorship in 2002. She later joined Malaysia-Japan International Institute of Technology (MJIIT), University Teknologi Malaysia (UTM), Kuala Lumpur (2012-2017) as Head of the Environmental Engineering and Green Technology Department.

She has taught Environmental Management and Environmental Auditing at the postgraduate level and has been actively involved in environmental research.

Expertise & Consultancy Work

Dr. Zuriati has served as a consultant on water quality for various Environmental Impact Assessment (EIA) reports related to major development projects in Malaysia, including:

- Jimah Power Station
- New Pantai Expressway
- Rail Link Project (KL Sentral to KLIA)

She has also contributed to the development of environmental guidelines, management plans, and chemical regulations, including:

- Consultation on Guidelines for Development Projects
- Environmental Management Plans
- Chemical Development Overview under the DANCED project (RM 3 million)

Education

- PhD in Heterocyclic Chemistry – University of East Anglia, England (1978)
- Master of Science (Organic Chemistry) – Mahidol University, Thailand (1975)
- Bachelor of Science (General Chemistry) – University Kebangsaan Malaysia, (UKM) (1973)

DIRECTOR & HEALTH & SAFETY CONSULTANT

AGV HSE CONSULTING SDN BHD

Ir. Arazmi Bin Juhari has over 30 years of experience in Health, Safety & Environment (HSE) management, including more than 18 years in senior leadership roles within petrochemical and heavy industrial sectors. He specializes in:

- HSE Integrated Management Systems (IMS) Implementation
- HSE Management System Audits & Compliance
- Process Safety Management (PSM)
- Process Hazard Analysis / HAZOP Leadership
- Root Cause Analysis (RCA) & FMEA
- Contractor Safety & Behaviour-Based Safety (BBS) Programs
- Regulatory Compliance (DOSH / DOE Custodian)
- Radiation Protection & Industrial Safety

Extensive Industrial & Project Experience

Ir. Arazmi has held key leadership positions in multinational organizations including Arkema Thiochemicals (France), Lynas Malaysia (Australia), Huntsman Tioxide (USA), and Esso Production Malaysia.

He has successfully led HSE management for major industrial projects including:

- Large-scale plant construction and commissioning
- Plant capacity expansion projects
- Multiple major turnaround and shutdown operations without Lost-Time Injury (LTI)
- Regulatory approval processes for plant commissioning and operational compliance

His leadership contributed to achieving full compliance with government-imposed environmental and safety conditions, as well as securing multiple prestigious national HSE and environmental performance awards.

Professional Certifications & Competencies

- B.Eng (Civil Engineering), Hatfield Polytechnic, UK
- Diploma in Civil Engineering, ITM Shah Alam
- ISO 55001 / ISO 14001 / ISO 9001 Certified Lead Auditor
- Registered Safety & Health Officer
- Radiation Protection Officer
- NIOSH DOSH Competent Person
- Certified HAZOP Leader

DIRECTOR

AGV ENVIRONMENT & ESG CONSULTANCY (SABAH) SDN BHD

Mohammad Iskandar Shah Bin Mohammad Ali is a well-respected figure in environmental consultancy, sustainable solutions, and entrepreneurship with more than 25 years of experience.

His ventures reflect a deep commitment to innovation, community development, and environmental stewardship.

- **Maha Bina:** A civil engineering and construction firm founded in 2002, which has since expanded into international trade with business links in the USA and Dubai.
- **MB Managers & Consultants:** Specialising in event management and property services, the company also publishes Breeze Magazine a prominent Sabah-based lifestyle and business publication running successfully for over a decade.
- **MB Enviro-Healers:** A sustainability-driven company offering eco-friendly products such as starch-based bags, compostable kitchen solutions, and recycled materials.
- **MB Enviro-Healers Sdn Bhd:** A fully accredited environmental consultancy registered with both federal and state agencies, renowned for delivering high-quality EIA, EMP, and monitoring reports with a 100% approval rate.
- **MB Dynamic Media:** A pioneer in LED advertising in Sabah since 2002, now ranked as the second-largest provider in the state.

Mr. Iskandar is also a passionate advocate for environmental and social causes, actively participating in NGOs and leading several government taskforces on waste management and conservation initiatives.

Education

- BSc Environmental Science, Oklahoma, USA

DIRECTOR

KBE-AGV ESG CONSULTANCY (SARAWAK) SDN BHD

Datuk Janang Bungsu is the Group Managing Director and co-founder of Konsortium Bumi Consultants & Services Sdn. Bhd. (KBCS), a Sarawak-based multidisciplinary consultancy firm specializing in architecture, civil & structural engineering, and mechanical & electrical engineering.

A Visionary Leader & Industry Pioneer

As a Dayak electrical engineer, Janang established KBCS in 2006, bringing together like-minded Dayak professionals to compete in the highly competitive consultancy industry. Under his leadership and perseverance, KBCS has grown into a recognized and competitive firm, earning both personal and industry accolades.

Born in Bintangor/Tanjung Manis, Mukah, Janang's humble beginnings instilled in him resilience and independence. Facing poverty and hardship after losing his father at a young age, he worked tirelessly to overcome adversity. His early years of selling prawns and fish fuelled his determination to succeed.

Academic & Professional Journey

- Graduated as an electrical engineer from University of Malaysia
- Worked in Kuala Lumpur and abroad, gaining valuable experience in engineering and consultancy
- Mentored by Datuk Hisham Ghani, Managing Director of Perunding Hashim & NEH Sdn. Bhd.
- Founded Perunding JYS Sdn. Bhd. in 2004, before expanding into KBCS in 2006

Building a Legacy of Unity & Growth

Janang realized that synergy and collaboration were key to success, leading him to establish KBCS as the first Dayak professional consultancy firm. His vision was to empower the Dayak business community by:

- Providing job opportunities to Bumiputera graduates and unemployed individuals
- Developing young professionals through internship and industrial attachment programs
- Encouraging employees to participate in community service

SENIOR CONSULTANT, SUSTAINABILITY

Charlene Fernandez is a valued member of the AGV Sustainability team, bringing over 17 years of experience in:

- Copywriting & Content Development
- Proofreading & Editing
- Website & Ad Collateral Design

Extensive Industry Experience

She has led copywriting and design projects for various government agencies, corporate organizations, and industry bodies, including:

Government Agencies & Corporations

- Malaysian Investment Development Authority (MIDA)
- Malaysia Productivity Corporation (MPC)
- Malaysia External Trade Development Corporation (MATRADE)
- PEMUDAH (MITI)
- Marine Department Peninsular Malaysia
- Permodalan Nasional Berhad Investment Institute (PNBi) and many more.

Industry & Development Boards

- RAM Rating Services Berhad (RAM Ratings)
- Perbadanan Kemajuan Negeri Selangor (PKNS)
- Construction Industry Development Board (CIDB Malaysia)
- Malaysian Resources Corporation Berhad (MRCB)
- SME Corporation Malaysia (SME Corp. Malaysia)
- Putrajaya Holdings Sdn Bhd and many more.

With her strong expertise in content strategy, corporate communications, and branding, Charlene plays a key role in enhancing sustainability messaging and engagement for AGV Sustainability and its clients.

SENIOR CONSULTANT, ENVIRONMENT

Putri Zulaikha binti Md Bakri is an Environmental Consultant with 10 years of experience, specializing in:

- Environmental Impact Assessment (EIA)
- Environmental Management Plan (EMP)
- Environmental Monitoring Programmes

She has been actively involved in numerous EIA reports across Malaysia, with a strong focus on marine-based projects. Additionally, she has served as a key technical expert in providing environmental feasibility assessments for both government and private sector projects.

Professional Certifications & Memberships

- Registered EIA Consultant, Department of Environment (DOE), Malaysia (Reg. No: CEP-C0144) – Specialized in water quality monitoring & solid waste management
- Graduate Engineer, Board of Engineers Malaysia (GE87973A)
- Member, Malaysian Stormwater Organisation (AB0783)

Education

- Bachelor Engineering (Civil), Major in Environment – University Teknologi PETRONAS (2012)

She is fluent in English and Bahasa Malaysia and continues to contribute to environmental sustainability and regulatory compliance in Malaysia.

SENIOR CONSULTANT, ENVIRONMENT

Randolph Jeremiah has over 26 years of experience as an environmental professional, with extensive involvement in a wide range of environmental studies and projects across Malaysia and internationally.

Randolph's key areas of expertise include:

- Environmental Impact Assessment (EIA) studies
- Biodiversity and ecological assessments
- Natural resources management
- Water resources and river basin management
- Environmental and sustainability planning
- Climate change assessments
- Environmental monitoring
- Stakeholder and community engagement

Randolph has undertaken numerous EIA, environmental planning, and policy-related studies throughout his career, covering diverse sectors such as infrastructure development, transportation (including rail and highways), power generation, solar energy, industrial development, river basin management, biodiversity conservation, and urban development. He has played key roles in high-impact national and state-level initiatives, including Malaysia's National Policy on Biological Diversity, Sarawak Climate Change Policy and Low Carbon Society Blueprints, and the Sabah Biodiversity Strategy and Action Plan.

His experience also includes extensive work in river water quality and pollution control studies, such as the revision of the National Water Quality Criteria and Standards for Malaysia, development of Total Maximum Daily Load (TMDL) programmes, and integrated river basin management plans. In addition, he has been involved in projects aligned with international frameworks, including the International Finance Corporation (IFC) and Equator Principles, as well as various UNDP and international development programmes.

Education

- Bachelor of Science (Hons.) in Ecology – University of Malaya (UM)

SENIOR CONSULTANT, ENVIRONMENT

Savitri Ramiah has 32 years of experience as an Environmental consultant in a wide range of environmental studies/ projects.

Savitri's key areas of expertise include:

- Environmental impact assessment (EIA) studies
- Environmental and social impact assessments (ESIA),
- Environmental and social due diligence (ESDD)
- Environmental management plans (EMPs)
- Environmental monitoring programs
- Environmental site assessment

Savitri has undertaken over 100 EIA, EMP and other studies in her 32 years of consulting for various sectors of development which includes airport, highways, tin smelting process, scheduled waste recovery, biodiesel processing, petrochemical plants, bauxite mining, plantations, island resort development, golf course development, new township development, flood mitigation studies and river management studies amongst some of the key sectors. Her experience in the oil and gas sector in Malaysia, Brunei and the Middle East spans over 10 years. The oil and gas companies she had provided consultancy for includes Petronas Malaysia, Talisman (Repsol), Technip, Pengerang RAPID, Petronas Brunei and Petronas Iraq. She is registered with the Department of Environment in Malaysia (DOE) as an EIA Consultant and a subject specialist for Industrial Process.

Professional Certifications & Memberships

- Registered EIA Consultant and a subject specialist for Industrial Process, Department of Environment (DOE), Malaysia (Reg. No: CEP-CS0215)

Education

- Master of Technology (Environmental Management) - University Malaya (UM)
- BSc in Environmental Science - University Pertanian Malaysia (UPM)
